Specifications

Finish:

Painted housing, fillers, decorative end plates, and mounting accessories (end mount rails, file light risers, panel clamps/hooks).

Painted surfaces – environmentally friendly 6-stage pretreatment and electrostatically applied thermoset powder coat provides a long lasting, scratch resistant finish. Choice of standard colors. RAL and computer matched colors available on request.

Reflector – extruded aluminum, chemically brightened and clear anodized.

Louver tiles – specular vacuum metalized polycarbonate with clear polymer topcoat for easy cleaning.

Mounting:

P205 file cabinet luminaires are designed for mounting below standing eye height, illuminating the vertical face of the cabinets and the contents of open drawers. Mount P205 with risers, end mount rails, panel clamps/hooks, or wall brackets.

One high-mount optical configuration; generally, installations that position the top of the luminaire 9" above a typical file cabinet will not restrict access to the top drawer. Cord exit in rear of unit; specify right or left when ordering.

Electrical:

Integral electronic ballast is HPF thermally protected class P, 120 volt. BF > 0.98. Programmed start maximizes lamp life and minimizes energy use.

Cord – 9' 18-3 SJT, molded NEMA 5-15 grounded plug, factory installed. Chicago Code cord with integral circuit breaker available. Low profile grounded plug with 45° rotation is standard. Black is standard; gray cords are available at additional cost.

Standard output T5 lamps are included. Choose from 3000K, 3500K and 4100K lamps.

Standard:

UL listed or CSA certified.

TPR End Mount Rail Kit

*For compatible furniture systems, see website.

TPR End Mount Rails (for 24" wide end panels) mount to slotted panel frames. Several models are available to interface with a variety of panel systems. Pair of rails, includes pair of black interface plates.

TPE End Mount Brackets, pair

Support the ends of the luminaire, black, pair.

TPC Panel Clamps, pair

TPH Panel Hooks, pair

TPC Panel Clamp (pair) brackets mount luminaires to a variety of open office furniture systems. Use with rigid workstation panels 1-1/2" to 3-1/8" thick. With acoustical panels, make certain that clamps are installed where concealed panel frame provides support. **TPH Panel Hooks** mount to slotted panel frame. Stamped and formed CRS, pair.

TMHDW Wall Brackets, pair

TMHDW Wall Brackets mount to stud framed walls, millwork, and other solid surfaces. Stamped and formed CRS, black, pair.
