

Packaged Items:

- (1) 4' A102 ambient luminaire with decorative endplates and rubber mounting feet. Finish: Silver.
- (4) Adhesive cord management clips.

Required Tools:

None.

Application Notes:

A mounting height of 68" (1.73 m) to the top of the luminaire will accommodate 95% of the population without noticeable brightness.

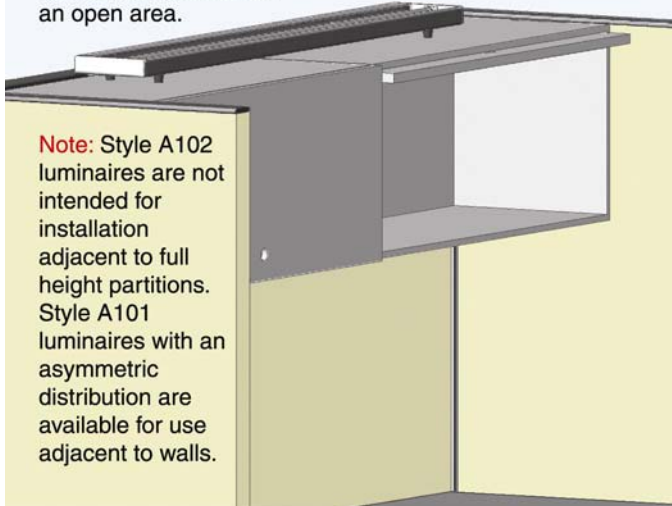

Caution: To avoid discomfort glare, do not install these units below standing eye height.

Installation Instructions:

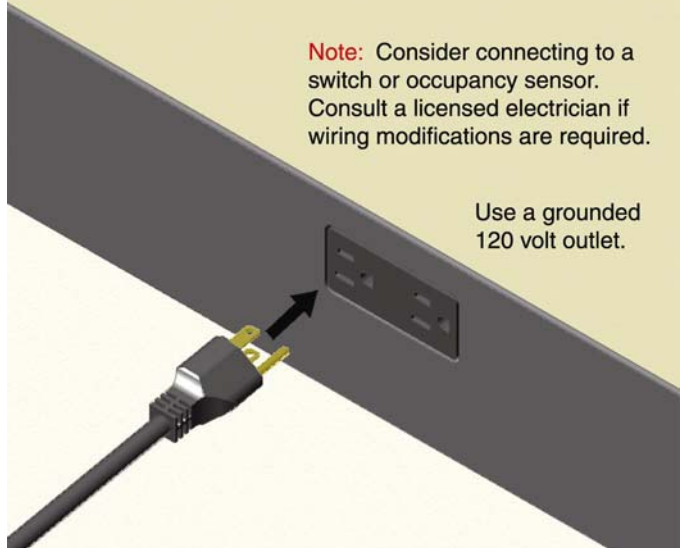

STEP 1

Place luminaire on overhead storage bin, cabinet, or bookcase in an open area.

Note: Style A102 luminaires are not intended for installation adjacent to full height partitions. Style A101 luminaires with an asymmetric distribution are available for use adjacent to walls.

STEP 2

Note: Consider connecting to a switch or occupancy sensor. Consult a licensed electrician if wiring modifications are required.

Use a grounded 120 volt outlet.

Additional Information:

For installations where overhead cabinet doors do not store within the cabinets, Tambient offers riser posts to provide clearance and prevent the doors from obstructing the light distribution.

See www.tambient.com/main/accesories/mounting/riserpostFrameset.asp.
